

Technical Specifications:

Product Code	111
Brand	CHIC
Lens Type	Dual lens
Lens Material	Polycarbonate
Frame Type	Lightweight durable frame
Side Protection	Integral side shields
Impact Resistance	Yes
UV Protection	Yes

Description:

The CHIC 111 Safety Spectacles are designed to provide reliable eye protection in industrial and general working environments. Featuring a conventional dual-lens design with integral side shields, these spectacles offer enhanced coverage against flying particles and debris. The impact-resistant polycarbonate lenses ensure durability while providing effective UV protection, making them suitable for both indoor and outdoor applications.

Features

- ★ Conventional dual-lens safety design
- ★ Integral side shields for enhanced lateral protection
- ★ Impact-resistant polycarbonate lenses
- ★ UV protection for outdoor use
- ★ Lightweight and comfortable for extended wear
- ★ Suitable for a wide range of industrial applications

Applications:

- ★ Construction sites
- ★ Manufacturing industries
- ★ Workshop and maintenance work
- ★ Grinding, drilling, and cutting operations
- ★ General industrial safety environments
