Description:

The 900 White Knitted Gloves with 2-Sides Blue Dots are designed to provide excellent grip, comfort, and protection for general handling tasks. The blue PVC dots on both sides enhance durability and improve grip for secure handling in wet or dry conditions.

Features:

- ★ **Enhanced Grip:** Blue PVC dots on both sides provide excellent grip for handling slippery objects
- ★ **Breathable Material:** Knitted construction allows for ventilation, keeping hands comfortable during prolonged use
- ★ **Durable Design:** PVC dot reinforcement ensures extended glove life and wear resistance
- ★ **Ambidextrous Use:** Can be worn on either hand, increasing usability
- ★ **Comfortable Fit:** Flexible fabric for better dexterity and reduced hand fatigue

Applications:

- ★ **General Handling:** Ideal for warehouse, packaging, and material handling tasks
- ★ **Construction:** Suitable for light construction work
- ★ **Assembly Operations:** Provides grip and protection during assembly tasks
- ★ **Gardening:** Suitable for handling tools and garden maintenance
- ★ **Manufacturing:** Ensures grip and comfort in industrial environments
