Description:

The BAAB 4" Metal Grinding Disc is a high-performance abrasive disc designed for grinding metal surfaces with precision and durability. Engineered for industrial-grade applications, it ensures smooth grinding, minimal vibration, and long operational life.

Features:

- ★High Material Removal Rate – Optimized for heavy-duty grinding tasks
- ★Reinforced Design – Resin bonded with fiberglass mesh for safety and durability
- ★Low Vibration – Stable and controlled performance
- ★Versatile Use – Ideal for fabrication shops, construction sites, and repair work
- ★Cost-Effective – Long service life reduces replacement frequency

Applications:

- ★Construction & Structural Steel Work
- ★Fabrication & Welding Workshops
- ★Pipe and Angle Iron Grinding
- ★Maintenance & Repair Tasks
- ★Industrial Surface Preparation
