

# BLUE EAGLE WELDING HELMET 633P

PRODUCT DATA SHEET

## Technical Specifications:

Model:	633P
Brand:	Blue Eagle
Material:	Polypropylene (PP) shell
Helmet Type:	Welding Helmet (Lift-Front Lens Holder)
Lens Size:	4 1/4" × 2" (108 mm × 51 mm)
Lens Included:	No (lens sold separately)
Protection:	Heat, sparks, and moisture resistant

## Description:

The BLUE EAGLE 633P Welding Helmet is a durable and protective helmet designed for welding operations. Constructed from a tough, moisture-resistant polypropylene shell, it ensures reliable protection from sparks, heat, and debris. The lift-front lens holder allows easy insertion of lenses (not included) and facilitates convenient viewing and workflow during welding tasks.

## Features:

- ★ Tough Polypropylene Shell: High impact and moisture-resistant construction
- ★ Lift-Front Lens Holder: Easy insertion and replacement of lenses
- ★ Lightweight Design: Comfortable for extended welding sessions
- ★ Moisture Proof: Suitable for high-heat and humid environments
- ★ Insulated Design: Offers protection from sparks and welding heat

## Applications:

- ★ Arc welding
- ★ Gas welding and cutting
- ★ Workshop and fabrication work
- ★ Maintenance and repair welding operations
- ★ Industrial and manufacturing environments
