

BILSOM 303 SINGLE-USE EARPLUG

PRODUCT DATA SHEET

Technical Specifications:

Product Name	Bilsom 303 Single-Use Earplug
Type	Disposable Foam Earplug
Material	Polyurethane (PU) Foam
Design	Tapered shape
Usage	Single Use
SNR	33 dB
NRR	29 dB
Standard	EN 352-2

Description:

The Bilsom 303 Single-Use Earplug is a high-performance disposable foam earplug designed to provide effective hearing protection in noisy work environments. Manufactured from soft, slow-recovery polyurethane foam, it expands gently inside the ear canal to create a secure acoustic seal while maintaining long-lasting comfort. Its smooth outer surface resists dirt build-up, ensuring hygienic single-use protection.

Features:

- ★Reliable noise reduction (SNR 33 dB)
- ★Soft foam for all-day comfort
- ★Tapered design for easy insertion
- ★Smooth surface resists dirt build-up
- ★Lightweight and disposable
- ★Ideal for industrial environments

Applications:

- ★Construction sites
- ★Manufacturing plants
- ★Metal and steel industries
- ★Mining operations
- ★Automotive workshops
- ★General industrial workplaces
