Size Range	S to XXXL
Color	Blue and Red
Lining	Insulated inner lining for warmth
Closure Type	Front zipper with buttoned storm flap
Hood	Attached hood for full head protection
Cuffs	Ribbed elastic cuffs to retain warmth
Hem	Elastic waistband for a snug fit

Description:

The Cold Storage Jacket is specifically engineered to provide reliable insulation and protection in extremely cold environments. Made from durable polyester oxford fabric, this jacket is both windproof and water-resistant, offering exceptional warmth and comfort. The jacket is designed with a full-zip front, secure snap-button storm flap, and an insulated hood to ensure complete coverage and shield against harsh weather. Bright blue and red color combinations improve visibility in low-light working conditions, enhancing safety.

Features:

- ★Cold Resistant: Designed for use in cold storage and winter outdoor conditions
- ★Windproof & Insulated: Provides effective protection against wind chill
- ★Durable Material: Polyester Oxford ensures strength and longevity
- ★Bright Colors: Blue and red for high visibility
- ★Full Coverage: Hooded design enhances protection

Applications:

- ★Cold Storage Facilities
- ★Outdoor Work in Cold Climates
- ★Warehousing & Logistics
- ★Industrial Sites with Refrigerated Zones
- ★Delivery and Loading Operations
