

# PORT LIGHT RED 60W- CXH2-11P

## PRODUCT DATA SHEET

### Technical Specifications:

Model	CXH2-11P
Usage	Ships with length > 50 meters
Material	High-strength plastic housing
Lens Material	Durable Polycarbonate
Voltage Options	24V / 110V / 230V
Power Rating	60W
Visibility Range	Up to 2 nautical miles (n.m)
Light Arc	112.5°
Lamp Base	P28S

### Description:

The CXH2-11P is a Series 70 Port Navigation Light, designed for marine vessels over 50 m in length. Engineered with a high-strength housing and polycarbonate lens, it delivers reliable and visible port-side signal lighting to ensure navigational safety.

### Features:

- ★Red Polycarbonate Lens – High visibility and impact resistance
- ★Multi-Voltage Options – Available in 24V, 110V, and 230V models
- ★Marine Grade Housing – Withstands harsh weather and saltwater conditions
- ★60W High-Output – Provides clear, compliant port-side signal lighting
- ★Certified Arc & Range – 112.5° light angle and 2 n.m. visibility ensures compliance for large vessels

### Applications:

- ★Cargo Ships
- ★Passenger Vessels
- ★Offshore Platforms
- ★Commercial and Industrial Marine Vessels
