

DENIM HOOD

Technical Specifications:

Product Name	Denim Hood
Material	Heavy-duty Denim Cotton Fabric
Color	Blue Denim
Design	Full head and neck coverage
Fastening Type	Tie-back
Stitching	Reinforced industrial stitching
Size	Free size

Description:

The Denim Hood is a durable protective head covering made from heavy-duty denim fabric. It is designed to provide protection from dust, sparks, debris, and light industrial hazards. Ideal for welding assistants, workshops, construction sites, and general industrial use, the hood ensures reliable coverage while maintaining comfort and breathability.

Features:

- ★Durable Denim Fabric – Offers strong protection from minor industrial hazards.
- ★Full Coverage Design – Protects head, neck, and upper shoulders.
- ★Comfortable Fit – Soft cotton ensures comfort during extended wear.
- ★Breathable Material – Allows airflow, reducing heat buildup.
- ★Reinforced Stitching – Ensures longevity in demanding work environments.
- ★Easy to Wear & Remove – Simple fastening for quick use.

Applications:

- ★Workshops & Fabrication Areas
- ★Welding Assistance (non-direct welding)
- ★Construction & Industrial Sites
- ★Cleaning & Maintenance
- ★Agricultural & Outdoor Work
- ★General Protective Use
