

### Technical Specifications:

Model:	DFC1003
Material:	Polyester Oxford Fabric
Reflective Tape:	Silver Reflective Tape
Colors Available:	Orange, Fluorescent Yellow
Fit:	Compatible with most standard safety helmets
Visibility:	High visibility reflective design

### Description:

The DFC1003 Helmet Cover is a high-visibility protective cover designed to enhance worker safety in low-light and outdoor environments. Manufactured from durable Polyester Oxford fabric and fitted with silver reflective tape, it improves visibility while protecting the head and neck area. The lightweight design ensures comfort during extended use and fits most standard safety helmets.

### Features:

- ★High Visibility: Bright fabric with reflective tape enhances worker visibility
- ★Durable Fabric: Made from strong Polyester Oxford material
- ★Lightweight & Comfortable: Suitable for long working hours
- ★Easy Installation: Quick fitting over standard helmets
- ★Weather Resistant: Suitable for outdoor working conditions
- ★Safety Enhancement: Helps improve visibility in low-light environments

### Applications:

- ★Construction sites
- ★Road and traffic work
- ★Industrial workplaces
- ★Oil & gas sector
- ★Outdoor maintenance
- ★Night shift operations
