

# DK1 SAFETY SPECTACLE

PRODUCT DATA SHEET

## Technical Specifications:

Model	DK1
Frame Options	Clear / Smoke / Brown / Yellow / Green
Lens Options	Clear / Smoke / Brown / Yellow / Green
Frame Material	Thermoplastic Rubber (T/R)
Lens Material	Polycarbonate
Protection	UV & Impact Resistant
Coating	Anti-scratch
Fit Type	Universal fit, unisex
Design	Wrap-around with side protection

## Description:

The DK1 Safety Spectacles Series is a range of lightweight, durable, and ergonomically designed protective eyewear. Built for industrial environments, each variant features a specific frame and lens color suited for different lighting and work conditions, offering high optical clarity, UV protection, and impact resistance.

## Features:

- ★High Impact Resistance – Meets CE standards for industrial eye protection
- ★Color Options for Versatility – Choose based on application and lighting
- ★UV Protection – Shields eyes from harmful ultraviolet radiation
- ★Comfort-Fit Design – Flexible T/R frame for prolonged wear
- ★Wide Side Coverage – Enhanced lateral protection from debris
- ★Scratch-Resistant Lens – Longer lifespan and clarity

## Variants & Typical Use Cases Variant

Variant	Application Scenario
DK1 CLEARFRAME/CLEAR LENS	Indoor work, inspection, lab use
DK1 SMOKEFRAME/SMOKE LENS	Outdoor or bright-light environments
DK1 BROWN FRAME/BROWN LENS	Glare reduction, moderate light
DK1 YELLOWFRAME/YELLOW LENS	Low-light, contrast-enhancing tasks
DK1 GREENFRAME/GREEN LENS	Welding or high-glare environments

## Applications:

- ★Construction & Engineering
- ★Laboratory & Pharmaceutical Environments
- ★Workshop & Manufacturing
- ★Outdoor Utility Work
- ★General Industrial Safety
