Size	120 cm × 180 cm 180 cm × 180 cm

Description:

The |Steif Fire Blanket is a quick-response fire safety device designed to extinguish small fires and protect people from flames and heat.

Manufactured from fire-resistant woven fiberglass fabric, the blanket effectively cuts off oxygen supply to the fire, making it ideal for use in kitchens, industrial sites, laboratories, workshops, and emergency situations.

Features:

- ★ Fire-resistant fiberglass material
- ★ Effectively extinguishes small fires
- ★ Cuts off oxygen supply to flames
- ★ Suitable for wrapping around a person for fire protection
- ★ Easy to use with quick-release tabs
- ★ Maintenance-free and reusable (if not damaged)
- ★ Suitable for domestic and industrial use

Applications:

- ★ Kitchens and restaurants
- ★ Industrial and commercial facilities
- ★ Laboratories and workshops
- ★ Welding and hot work areas
- ★ Emergency evacuation and fire safety stations
