

FLASH LIGHT SWIVEL

XK-208

PRODUCT DATA SHEET

Technical Specifications:

Product Type	Swivel LED Flash Light
Model	XK-208
Body Material	High-impact plastic
Light Source	High-brightness LED
Color	Black
Switch Type	Push button
Design	Handheld with swivel head

Description:

The XK-208 Swivel Flash Light is a versatile and durable lighting solution designed for industrial, maintenance, automotive, and emergency applications.

Equipped with a swivel head, this flashlight allows multi-angle illumination, making it ideal for hands-free or confined-space work. Its robust construction and efficient LED technology ensure reliable performance and long service life.

Features:

- ★ Adjustable swivel head for flexible lighting angles
- ★ Durable body for tough work environments
- ★ Energy-efficient LED with long life
- ★ Compact design for easy carrying
- ★ Reliable illumination in confined spaces
- ★ Ideal for hands-free work positioning

Applications:

- ★ Industrial maintenance
- ★ Automotive repair
- ★ Electrical and mechanical work
- ★ Emergency and rescue use
- ★ Construction sites
- ★ Home and workshop use
