

GREEN VIRGIN TRAFFIC CONE

PRODUCT DATA SHEET

Technical Specifications:

Material:	Virgin PE
Height:	100 cm
Color:	Green
Base Type:	Heavy black rubber
Reflective Sleeve:	Yes
UV Resistance:	Yes

Description:

The 100 cm Green Virgin Traffic Cone is manufactured from high-quality virgin material to ensure superior flexibility, durability, and long service life. Designed for high visibility and stability, it is suitable for traffic control, construction sites, parking areas, and industrial safety applications. The cone maintains its shape after impact and performs reliably in outdoor conditions.

Features:

- ★ Made from premium virgin material for enhanced durability
- ★ Bright green color for high visibility
- ★ Flexible body that returns to original shape after impact
- ★ Wide, stable base for improved wind resistance
- ★ Weather and UV resistant
- ★ Suitable for indoor and outdoor use
- ★ Smooth surface for easy cleaning
- ★ Stackable design for convenient storage and transport

Applications:

- ★ Road safety and traffic diversion
- ★ Construction and maintenance sites
- ★ Parking management
- ★ Industrial safety zones
- ★ Event crowd control
- ★ Warehouses and logistics areas
- ★ Municipal and highway works
