

# MANAGER'S SAFETY SHOE COLT

## PRODUCT DATA SHEET

### Technical Specifications:

Model	COLT
Upper Material	Full Grain Leather
Sole	PU/PU Black
Safety Features	Steel Toecap & Steel Midplate
Oil & Chemical Resistance	Yes
Shock Absorption	Yes
Anti-static Protection	Yes

### Description:

The COLT Manager's Safety Shoe is built for durability, protection, and comfort in demanding work environments. Designed with premium full-grain leather and dual-density sole construction, it ensures high performance with resistance against oil, chemicals, and water, while providing excellent foot protection and comfort.

### Features:

- ★ Steel Toecap & Midplate – Protection from compression and puncture injuries.
- ★ Water Repellant Upper – Keeps feet dry in wet conditions.
- ★ Oil & Chemical Resistant Sole – For safe use in hazardous work areas.
- ★ Anti-static Sole – Prevents static electricity build-up.
- ★ Shock Absorbing Sole – Reduces foot and joint fatigue during long shifts.
- ★ Full Grain Leather Upper – Durable, easy to maintain, and provides professional appearance.
- ★ Cambrelle Lining – Enhances comfort and moisture management.

### Applications:

- ★ Manufacturing & Industrial Sites
- ★ Construction & Engineering Works
- ★ Oil & Chemical Handling Industries
- ★ Facilities & Plant Supervision
- ★ Warehousing & Distribution
- ★ Maintenance & Mechanical Workshops
