#### Features:

Wash and reuse these microfiber cleaning cloths up to 300 times and maintain consistent cleaning power. Designed for repeated cleaning, these cloths remove up to 99-percent of bacteria without additional chemical cleaning products. These cloths feature split fiber that lifts dirt from a variety of surfaces and holds up to eight times their weight in liquid.

- These dry cloths are ideal for thousands of projects - at home and at work
- Features micro ban protection that avoids contamination
- These large dry cloths are ideal for cleaning electronic devices and surfaces
- Made of microfiber material to provide better cleaning
- These handy cloths are chemical-free and non-abrasive and reusable
