

NORTH SHELF HAND SHIELD

812814

PRODUCT DATA SHEET

Technical Specifications:

Brand	NORTH
Material	Polypropylene Shell
Lens Type	Fixed frame for standard welding filter lens
Color	Black
Lens Size	Standard welding lens window size (Lenses not included)

Description:

The NORTH Shelfo Hand Shield 812814 is a robust, hand-held welding face shield designed for optimal facial protection during welding operations. Built with high-quality, heat-resistant materials, it shields the welder from harmful UV/IR radiation, sparks, and spatter. The ergonomic handle and durable construction make it suitable for both professional and industrial welding applications.

Features:

- ★High-Impact Construction – Withstands heat, sparks, and mechanical impacts.
- ★Full Face Coverage – Protects against UV/IR rays and welding debris.
- ★Ergonomic Grip – Reduces operator fatigue during long use.
- ★Replaceable Lens Slot – Allows easy installation of different welding shade filters.
- ★Portable Design – Ideal for site work or quick welding jobs.

Applications:

- ★SMAW (Stick Welding)
- ★MIG / MAG Welding
- ★TIG Welding (with proper shade lens)
- ★Industrial Fabrication
- ★Shipbuilding & Construction
