

PC CONVEX MIRROR
Indoor: 300mm,450mm,600mm

PC CONVEX MIRROR
Outdoor: 800mm,1000mm

Technical Specifications:

Material (Lens)	Polycarbonate (PC) – impact resistant
Backing Material	ABS – durable and weather-resistant
Available Sizes	300mm, 450mm, 600mm, 800mm, 1000mm
Color	Red

Description:

The PC Convex Mirror is a durable, high-clarity safety mirror designed to eliminate blind spots and enhance visibility in indoor and outdoor areas. Made with premium polycarbonate lens and a high-visibility ABS backing, it provides superior optical performance, impact resistance, and weather durability for safety and surveillance applications.

Features:

- ★ 130° Wide-Angle View: Excellent for eliminating blind spots in traffic or facility corners.
- ★ Superior Clarity: High optical performance provides a clear, wide viewing field.
- ★ Safety Enhancement: Ideal for increasing visibility at intersections, parking areas, and loading docks.
- ★ Impact Resistance: Shatterproof polycarbonate face resists weather and collisions.
- ★ Warning Effect: ABS backing with bright reflective surround ensures high visibility.
- ★ Easy Installation: Compatible with pole or wall mount brackets.

Applications:

- ★ Road intersections & blind corners
- ★ Parking lots and garages
- ★ Commercial building entrances
- ★ Supermarkets and shopping centers
- ★ Warehouses and industrial zones
- ★ Pedestrian safety zones
