Description:

The PF509 Safety Spectacles are designed for maximum eye protection in demanding environments. Featuring a black frame and polycarbonate lenses, these spectacles provide UV protection, anti-fog performance, and abrasion resistance. Ideal for industrial, construction, and laboratory applications.

Features

- ★ Durable polycarbonate lenses with abrasion resistance
- ★ Anti-fog coating for clear vision in humid or high-temperature conditions
- ★ Black frame for a professional, stylish look
- ★ Suitable for prolonged use and outdoor environments
- ★ Lightweight and comfortable for extended wear

Applications:

- ★ Construction and industrial sites
- ★ Workshops and laboratories
- ★ Outdoor maintenance and repair work
- ★ General-purpose eye protection in dusty, humid, or high-light conditions
