

Technical Specifications:

Product Code	98
Brand	CHIC
Frame Material	Metal
Design Type	Classic safety spectacles
Side Protection	Integrated side shields
Lens Feature	UV protection
Usage	Industrial / General safety

Description:

The CHIC Classic Safety Spectacles are designed with a durable metal frame to ensure long-lasting strength and reliability in demanding work environments. Featuring integrated side shields, the spectacles provide enhanced protection against flying particles, dust, and debris from multiple angles. The lenses offer reliable UV protection, making them suitable for both indoor and outdoor industrial applications.

Features

- ★ Strong and durable metal frame construction
- ★ Side shields for enhanced lateral protection
- ★ Protection against dust, debris, and flying particles
- ★ UV protection for outdoor use
- ★ Lightweight and comfortable for long wear
- ★ Suitable for industrial safety applications

Applications:

- ★ Construction sites
- ★ Manufacturing industries
- ★ Workshop and maintenance work
- ★ Grinding and cutting operations
- ★ General industrial safety use
