ELECTRICAL GLOVES

|          |        |         |       |
|----------|--------|---------|-------|
| Category | Color  | Max Use | Volts |
| R,C      | Orange | 1000V   | AC    |

EN 60903:2003  
IEC 60903:2014

Class 0

Size:10

## Features:

- Made from high-quality insulating materials to prevent electrical conductivity.
- Tested and certified to meet industry standards for electrical safety.
- Available in different classes and voltage ratings to suit specific job requirements.
- Ergonomic design for maximum comfort and dexterity during use.
- Resistant to punctures, cuts, and abrasions for long-lasting durability.
