

STEIF HEAD LIGHT LED (HL0308NR)

PRODUCT DATA SHEET

Specification:

Brand: STEIF

Model: HL0308NR Head Light

LED Power: 10W

Lumens Output: 800 lumens

Description:

The STEIF HL0308NR Head Light LED provides a powerful light output of 800 lumens with a compact and lightweight design, making it perfect for outdoor adventures, professional work environments, or emergency situations. With a run time of 3.5 hours and an adjustable beam angle, this headlight ensures optimal visibility and hands-free convenience.

Lighting Modes:

High Mode: Full brightness at 800 lumens

Low Mode: Reduced brightness to conserve battery life at 400 lumens

Flash Mode: Strobe for signaling or emergency use

Performance Specifications

Run Time: 5.5 hours on a full charge

Power Source: 4 AA battery (not included)

Beam Range: 200 meters (depending on conditions)

Features:

Long Battery Life: 5.5 hours of continuous use on a full charge.

Easy Charging: Rechargeable battery makes it convenient and eco-friendly.

Bright and Powerful: 800 lumens output ensures superior visibility.

Applications:

Outdoor Activities: Camping, hiking, and exploring at night.

Work Environments: Ideal for construction, maintenance, and other professional uses in low-light conditions.

Emergency Use: Perfect for power outages or emergency preparedness kits.
