

STEIF LG 09 FULL PROTECT RUBBER OVERSHOE

PRODUCT DATA SHEET

Technical Specifications:

Material	High-quality industrial rubber
Color	Black
Design	Full-coverage overshoe with steel toe
Slip Resistance	Anti-slip textured sole for enhanced traction
Waterproof	100% waterproof
Chemical Resistance	Protects against oils, acids, and chemicals
Durability	Long-lasting and tear-resistant

Description:

The STEIF LG09 Full Protect Rubber Overshoe is a high-quality protective footwear solution designed to safeguard workers from chemical spills, water, oil, and industrial hazards. Made from durable, slip-resistant rubber, it provides full coverage and enhanced grip, ensuring safety in demanding environments.

Features:

- ★ 100% Waterproof Protection – Keeps feet dry in wet and hazardous conditions.
- ★ Slip-Resistant Sole – Provides strong grip on oily and wet surfaces.
- ★ Chemical & Oil Resistance – Shields against industrial spills and contaminants.
- ★ Durable Rubber Material – High tear and abrasion resistance for longevity.
- ★ Comfortable Fit – Designed for easy wear over regular footwear.
- ★ Flexible & Lightweight – Ensures comfortable movement throughout the workday.

Applications:

- ★ Construction & Industrial Sites – Protection from chemicals, oil, and debris.
- ★ Chemical & Pharmaceutical Industries – Shields against hazardous spills.
- ★ Food Processing Units – Ensures hygiene and slip resistance.
- ★ Agriculture & Fisheries – Guards against mud, water, and dirt.
- ★ Maintenance & Cleaning Services – Keeps feet safe and dry.
