Description:

The Stylmark Metal Marker is a high-performance industrial-grade marking pen designed for permanent marking on metal surfaces, even under tough conditions. It delivers durable, fast-drying, and weather-resistant marks ideal for fabrication, inspection, layout work, and more.

Features:

- ★Writes on oily, rusty, wet, or rough surfaces
- ★Fast-drying, fade-resistant ink
- ★Weatherproof and UV-resistant for indoor/outdoor use
- ★Ideal for metal fabrication, automotive, shipbuilding, and pipe marking
- ★Leak-proof, industrial-grade design

Applications:

- ★Weld Marking & Layout Lines
- ★Inspection & Identification Tags
- ★Construction & Engineering Sites
- ★Automotive and Aerospace Maintenance
- ★Fabrication Shops & Foundries
