Description:

The TF005 RED HINGE Series Safety Spectacles are stylish, impact-resistant eye protection glasses designed for industrial and commercial environments. Featuring a bold red hinge design, lightweight T/R frame, and multiple lens options to suit various lighting and work conditions. Select models also come with anti-fog (AF) coating for enhanced visibility in humid or high-activity settings.

Features:

- ★Red Hinge Styling – Bold, identifiable design for easy team or role allocation
- ★Anti-Scratch Lens – Durable for industrial and workshop use
- ★Anti-Fog Options – Maintains clarity in humid, high-mobility tasks
- ★UV Protection – Shields from harmful UV rays
- ★Wide Lens Coverage – Provides extended side protection
- ★Comfort Fit – Ergonomic and pressure-free wearing experience

Applications:

- ★Warehousing & Logistics
- ★Construction & Road Work
- ★Engineering Workshops
- ★Utilities & Maintenance
- ★Laboratories & Inspection
