## Description:

The TF101 Black Frame Safety Spectacles are designed to provide reliable eye protection in industrial and general work environments. Built with a durable black frame, these spectacles offer a comfortable fit and long-lasting performance. The wraparound design ensures good coverage and protection against flying particles, dust, and debris while maintaining clear vision. Suitable for indoor and outdoor use, they are ideal for daily safety applications.

## Features

- ★ Strong and lightweight black frame design
- ★ Comfortable fit for long working hours
- ★ Wraparound protection against dust and particles
- ★ Clear vision with minimal distortion
- ★ Suitable for indoor and outdoor use
- ★ Durable construction for industrial environments

## Applications:

- ★ Construction work
- ★ Manufacturing and assembly lines
- ★ Workshop and maintenance tasks
- ★ Grinding, drilling, and cutting operations
- ★ General safety use in dusty environments
