Description:

The TF135 Yellow Hinge Safety Spectacle Series is engineered for reliable protection and all-day comfort. Designed with a durable yellow hinge frame and wrap-around lens, it ensures excellent side protection and clear vision in industrial, construction, and laboratory environments.

Features:

- ★ High-impact resistant polycarbonate lens
- ★ Anti-scratch & anti-fog coating for long-lasting visibility
- ★ Ergonomic lightweight design for extended wear
- ★ Dual-color stylish appearance with flexible yellow hinge
- ★ Soft nose bridge and comfortable temple grip
- ★ Suitable for both industrial and general purpose use

Applications:

- ★ Construction & Fabrication
- ★ Mechanical Workshops
- ★ Warehousing & Material Handling
- ★ Laboratory & Chemical Work
- ★ Grinding, Cutting & Painting
