Description:

The TF207 Demi Frame Safety Spectacles are lightweight protective eyewear designed to provide reliable eye protection against dust and impact hazards in industrial and occupational environments. Featuring a demi-frame design with clear silver mirror lenses, these safety glasses combine functional protection with a modern appearance, ensuring comfort, visibility, and style during extended work use.

Features:

- ★ Demi-frame design for improved airflow and reduced fogging
- ★ Clear mirror lenses provide glare reduction and visibility
- ★ Impact-resistant lenses protect against flying particles
- ★ Lightweight construction enhances all-day comfort
- ★ Modern, professional appearance
- ★ Suitable for indoor and outdoor work environments

Applications:

- ★ Construction and maintenance
- ★ Industrial workshops
- ★ Warehousing and logistics
- ★ Dust-prone work areas
- ★ General safety and inspection work
