

Technical Specifications:

Model	TF218
Frame Color	Orange & Black
Lens Color	Brown
Lens Material	Polycarbonate
Frame Type	Half-frame design
Coating	Anti-scratch, Anti-fog
Nose Bridge	Non-slip
Weight	Lightweight
Flexibility	Flexible frame design

Description:

The TF218 Safety Spectacles are designed to provide reliable eye protection against dust and airborne particles in industrial and general work environments. Featuring a modern half-frame design, these spectacles offer a stylish look along with enhanced comfort for long-duration use. The brown polycarbonate lenses help reduce glare while providing UV protection, making them suitable for both indoor and outdoor applications. With anti-scratch and anti-fog coatings, the TF218 ensures clear vision even in demanding conditions. The non-slip nose bridge and lightweight construction deliver a secure and comfortable fit throughout the workday.

Features

- ★ Modern half-frame design for comfort and style
- ★ Effective dust protection eyewear
- ★ Anti-scratch lenses for durability
- ★ Anti-fog coating for clear vision
- ★ Lightweight and flexible construction
- ★ Non-slip nose bridge for secure fit
- ★ Brown lens reduces glare and improves visibility
