Description:

The STEIF TWF002A Safety Spectacles are designed with a stylish and comfortable structure to provide reliable eye protection in industrial and general work environments. The frame is engineered to minimize sharp edges or defects that could cause discomfort or injury during extended use. Featuring a smoke lens, these spectacles help reduce glare while providing UV protection, making them suitable for outdoor applications. The lens offers a clear field of vision with a viewing area of not less than 34 mm in width and 28 mm in height.

Features

- ★ Stylish and ergonomic design for enhanced comfort
- ★ Smooth frame construction to avoid irritation or injury
- ★ Smoke lens reduces glare for outdoor visibility
- ★ Provides reliable UV protection
- ★ Wide field of vision for improved safety
- ★ Includes extra black strap for secure and stable fit
- ★ Lightweight and suitable for extended wear

Applications:

- ★ Construction and outdoor work
- ★ Road work and site operations
- ★ Industrial and factory environments
- ★ General safety applications
- ★ Maintenance and utility work
