

AL BAHRI

HARDWARE & SAFETY EQPT. LLC.

"YOUR GROWTH IS OUR SUCCESS"

WE ARE...

ABHSE is an international organization that is profoundly sensitive to human safety and this manifests itself in the products manufactured by us and sourced from some of the leading brands in hardware and safety.

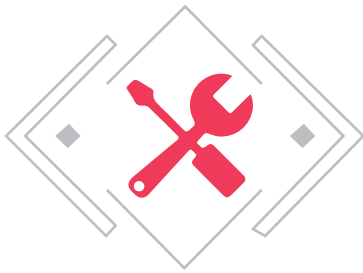

For us it's simple - "best products + best price = best safety". For three decades we have consistently delivered the highest quality of products at an aggressively competitive price so that there would be no reason to compromise on safety. Our comprehensive PPE stock holdings have a proven track record of protecting individuals from life threatening hazards ranging from projectiles, debris, harmful gases, pathogens, fire, radiation, chemical splashes, heat, cold and much more. It's not hard to find our products in use at construction sites, factories, onboard heavy vessels, farms, fire stations, hospitals and even in various sports and recreational activities among many more.

Our logistical network covers the Middle East, South Asia, Africa and Eastern Europe, with a repertoire that includes consultation on inventory management, products supply, installation guidance, safety training and ancillary support services for SMEs and major corporations. Our convenient store layouts with easy-to-scan displays, knowledgeable sales & support staff and a user-friendly web store has garnered us a reputation of being the most trustworthy, dependable and accessible provider by industrial giants, government agencies, healthcare organizations and many more. As a team we exhibit no resistance to challenges or change and thrive in high volume, deadline driven situations.

Al Bahri Hardware & **Safety Equipment L.L.C** was established in U.A.E In the year 1987, and since inception we have been providing beyond satisfactory level of services to leading national and multinational organizations in Middle East, South Asia, Africa & Eastern Europe.

...WE PROMISE...

EXHAUSTIVE SELECTION

Our comprehensive stock holdings cover the entire spectrum of PPE (Personal Protective Equipment), MRO (Maintenance, Repair and Operations) as well as general hardware and safety. With specialized in-house manufacturing we can deliver bespoke products that meet your unique requirements.

BUDGET READY

Ambitious sourcing methodologies combined with our vast distribution network allows for highly competitive pricing for small and volume orders. Furthermore, our quality assurance guarantees infrequent replacements and hence a significantly lower expense over time. Our pricing is transparent, aggressive and consistent.

DEADLINE GUARANTEE

Our mammoth stock holdings, diverse distribution network and increasingly efficient logistical setup permits us the luxury of guaranteeing an impeccable turnaround time on deliveries. ABHSE touts a reputation of scarce-to-none return on deliveries. We are your 11th hour partner.

INTENSE SCRUTINY

We deploy Quality Control Inspectors to scrutinize sourcing and manufacturing. These inspectors coupled with our frequent safety audits assess on the parameters of design, strength, durability, reliability, longevity, corrosion, impact resistance, finishing and finesse.

NO SECRET HANDSHAKES

Serving you to your utmost satisfaction with professionalism, transparency and integrity is our only agenda. We provide you with certificates, data sheets, test reports and more so that you may make an informative decision that best suits your organization's needs.

EXPERIENCE & EXPERTISE

For about 30 years we have taken on strategic projects for both SMEs and major corporations. Our diverse portfolio spans across government sectors, marine, aviation, construction, oil & gas and several more. With immense pride we have provided numerous SMEs with incremental and exponential growth.

Why Choose Us

SAFETY REGULATIONS

Whether it's products from major OEMs or our own range of in-house products, Al Bahri Hardware & Safety Equipment LLC conducts frequent safety audits to ensure that on a micro level every safety regulation is complied with and that each product is its own guarantee of the degree of safety ABHSE commits to providing.

Our Products

We provide a full range of Personal Protective Equipment (PPE) such as Head Protection, Eye Protection, Respiratory Protection, Hearing Protection, Full Range of Protective Gloves, Protective Footwear, Fall Protection as well as Protective Garments.

In addition to above PPE we also offer Emergency Eye/Face Wash & Shower, Cargo & Safety Nets, Road Safety Products & Safety Signs.

We also deal in Rubber Sheets, Ropes, Industrial Wire Brushes, Painter's Tools, Webbing Slings, Cargo Lashing Belts, Abrasives, Masking Tapes, Hand Cleaner, etc.

Rags & Yarn Waste are processed, sorted & packed under our plant in DIP, Dubai. In fact, we were the first & still the leading distributors / suppliers of Rags & Yarn Waste in the region.

Popular brands such as **Honeywell, Oetiker, Bilsom, Bekina, Blue Eagle, Cristin, Miller, North, Pulsafe, Speakman, San-Huei, Cederroth, Wilson, IKAR** from Europe, Far-East & U.S.A are available under our roof.

We have also developed some of the products under our own brands such as **Steif, Batex, Chic, Manager's, Plus, Baab, Solo & WeldOne.**

To intricately scrutinize the quality of the products manufactured/sourced Quality Control Inspectors are deployed by ABHSE. These inspectors assess on the parameters of design, strength, durability, reliability, longevity, corrosion, impact resistance, finishing and finesse. If we don't feel confident, the product never reaches the shelves.

ECO-INITIATIVES

Products with an unhealthy carbon footprint are likely to eventually become a safety hazard in its own right.

- As part of our vendor selection process we scrutinize their use of sustainable resources in the products they manufacture.
- Packaging on our range of products are preferably biodegradable.
- We implement rigorous waste management schemes with in excess of 95% of our waste sent for recycling.
- We recycle or reuse approximately 80% of the cardboard used in shipments, packaging, signages, etc.
- We train our staff to train others on how to offset their carbon emissions.
- While not strictly an eco-initiative, ABHSE is abhorrent to child labor.

LIST OF PRODUCTS HANDLED

PERSONAL PROTECTIVE EQUIPMENTS (PPE)

CLEANING WIPES
